Dated:27.09.2017

The Principal Secretary to the Govt. of Kerala
Public Works Department,
Secretariat
Thiruvananthapuram - 695 001

Sub: Reconstitution of Technical Committees of the Indian Roads Congress

Sir,

As you are aware the Indian Roads Congress (IRC) is a apex body of Highway Engineers/Professionals in the country which formulates standards, specifications and guidelines for the planning, design, construction, operation and maintenance of roads and bridges in the country. The IRC works through the Technical Committees in framing these Guidelines/Standards/Specifications on various aspects of road/bridge engineering. A list of existing Technical Committees is enclosed (**Appendix-1**) herewith for your ready reference. These Committees are constituted for a period of 3 years. The tenure of the present Technical Committees will expire on 31st December 2017.

Accordingly, the IRC is in the process of reconstitution of these Technical Committees. In order to have a broad representation on the Technical Committees, it is requested to kindly suggest the names of Experts from your Organization, having adequate experience and knowledge particularly related to the design, construction, operation, safety and maintenance of roads/bridges, traffic, environment and transportation engineering. The information about the nominee(s) may be given in the enclosed proforma (**Appendix-2**).

The final decision on the composition of the Technical Committees will be taken by the IRC Secretariat where the views of the Convenors of each of the Committees are also kept in view. Generally, each Technical Committee has 25 members, which broadly include 10 to 12 representatives of the Central /State Government Departments, 5 to 6 representatives of Research Institutes, 5 to 6 representatives of Consultants and Contracting Industry and 2 to 3 representatives of Educational Institutes. Members would normally be expected to have adequate infrastructure facilities to carry out the task assigned by the respective Committees. The work of the Technical Committees being voluntary in nature, the Indian Roads Congress does not bear any TA/DA expenses of in-service members for attending the meetings of the Committees and this is normally met by the parent Organization of the members.

In view of above, it is requested to kindly suggest the names and addresses of expert /suitable persons of your Organization along with other details as enclosed in **Appendix-2** who have the requisite experience and agree to work voluntarily in any of the IRC Committees, at the earliest, preferably before 30th October, 2017.

Reconstitution of Technical Committees of the IRC

Yours faithfully

*Interested Engineers may please be mail to the
Encl: As above mail pwd had @ gmail.com through
their Controlling officers with filled proforma
on or before 27th October.*

(Rahul Patel)
Deputy Director (Tech)

Deputy Chief Engineer.

- B-5 Steel and Composite Structures Committee
- B-6 Bearings, Joints and Appurtenances Committee
- B-7 Formwork and Temporary Structures Committee
- B-8 Maintenance and Rehabilitation Committee
- B-9 Specialized Bridge Structures including Sea Link Committee

Appendix-2

FORM OF NOMINATION TO IRC TECHNICAL COMMITTEES FOR 2018-2020

1. Name of Committee : _____
2. Name of Nominee : _____
3. Designation : _____
4. Address : _____
5. Telephone :
Office : _____
Res : _____
Fax : _____
E-mail : _____
Mobile : _____
6. IRC Membership Roll No. : _____
7. Date of Birth : _____
8. Qualifications : _____
9. Date of Superannuation : _____
10. Experience in the field
Relating to the Committee : _____

It is also certified that the Organization _____ will bear the TA/DA expenses of the member to attend the Committee meetings.

11. Nominated by: _____

Signature: _____

Name: _____

Designation: _____

Organization: _____
