Sub: Strengthening of IT infrastructure in PWD Circle, Division, Sub Division & Section Offices (Roads, Bridges, Buildings and NH Wing) – I Phase Procurement of Computers and Peripherals - reg

In connection with implementation of various e-Governance applications in PWD like PRICE-II, WINGS-II, Asset Management System etc, the Government has decided to strengthen the IT infrastructure in all PWD Offices in a phased manner. The purchase will be done through the Kerala e-Governance IT Procurement (KeGIP-CPCRS) Portal managed by KELTRON. The work order for the I phase purchase of computers and peripheral was issued to KELTRON from KSTP Project Director's Office on 29-03-2019. It was informed from the KELTRON that all the computers and peripherals will be delivered in the PWD Offices in the 1st and 2nd week of April 2019 itself. The details of computers and peripherals to be supplied to various PWD Offices in the I Phase procurement is given in the list given in Annexure-I. The contact numbers of all the Head of Offices of Circle, Division and Sub Division Offices are given to KELTRON for arranging the supply. In case of section Offices, contact numbers (Official Mobile Numbers) of the concerned Assistant Executive Engineers were given to KELTRON while giving the supply order. Hence all the Assistant Executive Engineers request to guide the suppliers by providing the exact addresses of all the section Offices under their jurisdiction. If any of the offices are omitted in the list for supply of computers, then the same may please be informed to PWD e-Governance Cell (Ph: 0471-2334580). The delay in delivery of the equipments may also be reported to e-Governance Cell.

The Head of Offices should ensure that the details of newly supplied equipment and old existing computers and peripherals in their offices are duly updated in the online e-Stock Register entry facility, which is now available in the PWD official web site <a href="www.keralapwd.gov.in">www.keralapwd.gov.in</a> in the link "Stock Register of Computers & Peripherals" on the home page itself. One staff should be designated from each office for the regular updation of the online e-stock register. Only those offices with duly completed stock registers will be considered in the next phase of IT Procurement. The data from this system will also be used for arranging Annual Maintenance Contract of all IT equipments in the future.

Chief Engineer
NH & Administration

- 1. Chief Engineer Roads/Bridges/Buildings for information
- 2. Superintending Engineers Roads/Bridges/Buildings/NH
- 3. Executive Engineers of all PWD Division Offices
- 4. Assistant Executive Engineer of all PWD Sub Division Offices
- 5. Assistant Engineers of all PWD section offices.
