Dear Sir,

The Department of Civil Engineering, College of Engineering Trivandrum is organizing a three day training programme on "Case Histories of Geosynthetic Applications" for the practicing engineers. The course is intended to give insight into the applications of geosynthetics in the modern day infrastructure scenario. A number of eminent faculties from around the country are expected to be delivering the lectures. Engineers will find the course highly beneficial and help them in choosing cost effective geosynthetic technology replacing conventional solutions. An exhibition of various geosynthetic products available in the market is also arranged along with the training programme. The exhibition will provide a platform for the engineers to get an on the hand information about various geosynthetics products and their suppliers/manufactures in India.

Contents of the course have been designed to benefit Engineers from Government Departments such as PWD, Roads and Bridges Corporation, Irrigation Department, Kerala Water Authority, Kerala State Electricity Board, Soil Conservation Department, Harbour Engineering Department, Pollution Control Board, Local Self Government, Kerala State Transport Project, NABARD, Directorate of Coir Department, Ground Water Department, Town and Country Planning Department, Institute of land and Disaster Management, Kerala Irrigation Infrastructure Development Corporation, KITCO, KINFRA, KRFB, CIAL, Rural Department, Construction Corporation, Vizhinjam International Sea Port Pvt. Ltd., Coir Corporation, Coirfed and similarly placed organizations/ Department.

It is requested to depute interested engineers from your esteemed organization for attending the course. The fee for the course is Rs. 4000/- (Rupees Four Thousand Only). The amount may be paid by DD/ Cheque drawn in favour of "The Manager, Centre for Continuing Education, College of Engineering Trivandrum". Organizations deputing 5 to 9 candidates are entitled to receive a fee reduction of 5% and those deputing 10 candidates or more are entitled to receive a fee reduction of 10%.

Looking forward to active participation from your esteemed organization and thanking you.

Yours faithfully

(Dr. K. Balan)
